

## **REMARKS**

Claims 1-36 are pending in the present application. In the above amendments, no claims have been amended, no claims have been cancelled, and no new claims have been added. Therefore, after entry of the above amendments, claims 1-36 will be pending in this application. Applicants believe that the present application is now in condition for allowance, which prompt and favorable action is respectfully requested.

### **I. PETITION TO REVIVE**

The application was unintentionally abandoned on February 22, 2007 for failure to timely respond to the Office Action dated April 19, 2006. The failure to timely respond between April 19, 2006 and March 29, 2007 was not intentional. Applicants respectfully submit a petition to revive the application according to 37 CFR 1.137 (b), and have submitted the appropriate fee in compliance with §1.17 (m) accordingly.

### **II. DOUBLE PATENTING**

The Examiner has made a nonstatutory double patent rejection of claims 1-36 based on U.S. Patent No. 7,024,200. Applicants are enclosing a terminal disclaimer, along with the appropriate fee, in compliance with 37 CFR 3.73 (b) in order to overcome the rejection. Applicants request the nonstatutory double patent rejection of claims 1-36 to be removed.

### **III. ALLOWABLE CLAIMS**

Applicants thank the Examiner for considering the IDS submitted on 7/30/04 and for allowing claims 1-36 .
